SPECIAL NOTE: DON'T take chances on odd balls purchased from different sources over a period of time.

Throughout the year numerous Blends of each Shade are dyed. Whilst they are the same Shade number, each Blend is given a different number to identify it. Slight variation is unavoidable. Make absolutely certain that your total purchase for each garment is all from the same Blend number. This is shown on a yellow ticket which is included with every one pound packet. How to wash woollies the safe way

1. First trace the outline of the garment on plain paper before washing.

2. Next squeeze the garment gently through rich, lukewarm Lux suds. Rinse 3 times at the same temperature.

3. Then roll the woolly flat in a towel to absorb moisture—but do not wring. Unroll immediately.

4. Finally ease back to original shape over pencilled outline and dry flat, away from heat.
